management and planning at the State

University of Milan Author of "The resilience of
the forest / La resilienza del bosco"

MAURO IVO VAN AKEN

Cultural anthropologist at the Bicocca University of Milan

Author of "Campati per l'aria"

QUESTIONS AND DEBATE

Climate change is real and a strong commitment for civil society is fundamental to support governmental strategies to reduce carbon emissions. How do we engage citizens and younger generations to take action and join the pledge? During the webinar, three international acclaimed researchers and communicators will dialogue with a scientific journalist about their personal experience as climate activists, scientists and academics.

CONVEGNO WEBINAR IN ENGLISH
COMMUNICATING CLIMATE CHANGE

Mercoledì 17 novembre 2021, ore 15.00-17.00
